

Primary Policy of Protecting Environment and Children Everywhere (PEaCE) | ECPAT Sri Lanka

PEaCE, a dedicated supporter of the UN Convention on the Rights of the Child, places children at the centre of its mission. Our firm commitment is to protect children's rights in all areas of life. We work tirelessly to defend children from all forms of abuse and exploitation, with a primary focus on ending child sexual exploitation and abuse. We value and respect individual differences, recognizing the uniqueness of every child. PEaCE is deeply aware of its duty to fulfil its responsibilities effectively and efficiently. We highlight the importance of transparency, accountability, and responsiveness to all our stakeholders, including children, parents, the community, and other duty-bearers.

Our top priority is to be and act as an organization that protects children from all kinds of exploitation and abuse. Our organizational policies, procedures, and code of conduct support and promote transparency and accountability at every level.

At PEaCE, we hold all our stakeholders in high regard, especially the children, who are our primary rights holders. We recognize and respect their expectations and rights, which are essential to our operations. This includes those within the supply chain, networks, and stakeholder groups. The key policies that govern our network, board of directors, staff, consultants, and volunteers are outlined in our child safeguarding policy. We ensure that all stakeholders are aware of these policies and have signed to confirm they have read, understood, and accepted the terms.
